News from the Headteacher:

We take our safeguarding responsibilities very seriously so thanks to those parents who kindly returned electronic keys to us. As Headteacher I need to be confident I know exactly who is on site and when. As a reminder, all visitors must sign in at reception, no visitors, not even parents, can have unrestricted access to the school site.

Billy

News from the classroom:

It has been a busy couple of weeks. Some students have undertaken litter picking on Stone Bay beach as part of their science lesson, as well as clearing litter that is dangerous to the environment they have collected items to re-use for our new sensory garden. A small group of students from KS4 and the 6th Form went to the E-Safety committee meeting at St. Nicholas School in Canterbury.

On Monday we are having a Harvest Festival assembly, we have made up four lovely hampers with the donations we have received. A representative from the Queens Road Baptist Church will be coming in to receive them.

This year we are again supporting the "Mustard Seed Love in a Box" charity, a letter will be coming home explaining what this charity involves and a list of items we can use in the boxes if anyone would like to kindly donate.

Joe, Lou, & Lucy

News from the residential flats :

It's been a busy fortnight within the residential flats. Students have participated in the usual activities we offer both on and off site, as well as new activities such as modelling and building club. The students have had their residential council meeting and have presented ideas for activities over the next couple of weeks. We are having a Halloween disco on the 22nd October, this is fancy dress, so if you can organise a costume for your child to wear that would be appreciated.
