Recommendation 2:

The school will need to complete a Prevent Risk Assessment and provide a summary of what action has been taken to raise awareness of FGM/HBV with consideration of risk recorded in relation to the student demographic.

School Response 2:

Note of actions linked to FGM/HBV.	<p>Safeguarding training has been delivered to all staff, in addition to this we have developed Fact sheets on FGM and HBV and these have been emailed to all staff 21/9/17, with live links through our Staff Handbook and a number of policies. E20 Prevent, D1 Child protection, E17 Safeguarding, Reporting & Recording. Safeguarding newsletters are available and shared with staff. We have a team of DSL's, all compliant with their training requirements. This ensures as comprehensive a footprint as possible across the school. DSLs meet once a month to share training, standardise and moderate approaches, they have now started to stress test our systems to ensure staff know what they have to do in terms of response to concerns. These meetings also help ensure we have a standardised agreed approach to FGM/HBV. Risk Assessments that include our initial screen document that includes</p>	✓
